

Communication/Sign-up Genius

I am able to retrieve the previous sign-up from the archive. Then copy and make the necessary changes.

I think having all the various beverages make it easier for people to know what we wanted.

Janka,

I never replied to your question about the sign up genius. So sorry. I would say we could ask for the following:

14 cases of water (24 bottles case)

15 coke/pepsi (2 liter bottle)

6 sprite

2 root beer

4 cherry pepsi or dr. pepper

4 blue mountain dew

5 regular mountain dew

4 orange

2 fruit punch

16 oz. clear cups, 50 pack (I would ask for 250 total cups)

Napkins (color? -I don't know what our color theme is this year), 500 total

2 french vanilla creamers

2 pumpkin spice creamers

monetary donations toward the purchase of coffee

Large container of hot chocolate

Coolers to borrow?

Hope this helps.

Katie

And yes, I have the folder! 😊 thanks!!

On Sep 11, 2016, at 11:56 AM, davelubera@comcast.net wrote:

Did you find the folder? Otherwise I have the copy of my report from last year. I was also thinking, Janka the ice and pouring is labor intensive. What are your perspectives on cans vs. liter bottles? We could ice down the drinks and would not be so crazy during the event with pouring. Just a thought...

Re: Pops & Pastries - Beverages

Hi Katie,

Thank you so much for volunteering to take on the Beverage Chair position again! I can get you the folder at our next meeting if that works, or can drop it off earlier if you would like to get a head start.

*I know you recommended it last year and I totally agree on creating the sign-up genius to have a specific list of beverage donations (x amount of Coke ; x Water ;p coffee creamer ; cash donations for Bigby etc.) Would you be able to come up with that list in the next week or so? *

*Jane Diamond is included on this email since she will be the person who will send out the mass emails in Sign-up Genius to solicit for donations. *

Hopefully with this change in approach we can actually end up spending less on beverages and avoid last-minute trips to supplement and as a result, end up making more profit for the program.

I really appreciate your help and fresh perspectives!

Hope that you have a great day!

Janka
