**Volunteer Luncheon:**

I worked with 2 other moms for the lunch. I made about 4 dozen cookies, another mom made a large pasta salad tray), and the third mom made a large salad(tray) and brought dressing. You can plan on feeding about 50 people. I bought 3 trays of subs from Jimmy Johns (30 sandwiches per tray) and it went fast. I also had 4 bags of chips and 6 bottles of pop and a case of smaller waters available. I also bought paper plates, silverware and napkins.

Set up in the cafeteria prior to lunch. Be available during lunch. Many students who did not volunteer try to eat lunch, and they are not supposed to. After lunch clean up cafeteria area and make sure chairs are still arranged for pictures later.
